

**Instructor Bio:**

Kevin Clay, of Six Sigma Development Solutions, Inc., is a Six Sigma Master Black Belt and a Lean Master Practitioner. Kevin brings over 15 years of operational experience into the classroom. He has a wide range of Lean and Six Sigma project experience in industries such as manufacturing, food processing, residential and commercial construction, insurance, banking, healthcare, etc. Kevin is a Certified Trainer through the American Society of Training and Development (ASTD). He is recognized as an effective consultant and trainer because of his down-to-earth, interactive teaching style of the Lean and Six Sigma tools and methodology. Kevin has a B.S in Industrial Technology and an M.S. in Manufacturing Technology and Management from East Carolina University.
